

CUSTOM BRANDED HATS THAT MAKE
YOUR BIZ (OR EVENT) STAND OUT.

**Because your hat should be a walking
billboard you're proud to flaunt.**

WELCOME TO RANCH REVIVAL CO.

@RANCHREVIVALCO

Hey, I'm Briar...

I bring badass, custom-made hats to the table. I also bring South Island grit, a farm-kid work ethic, and the kind of energy that doesn't clock off when the sun goes down.

If you're after **unique hats with quality leather patches, hat bars that turn heads at events, and creative custom builds** that go way beyond basic, you're in the right paddock.

Ranch Revival was born from a gap I saw in the NZ market: we were missing bold, high-quality, country-with-attitude headwear. So I rolled up my sleeves and *built it*.

Stick around and you'll spot a dog (or ten), horses of every shade, and a healthy obsession with turquoise, leather, and cactus anything.

If it's bold, custom, and full of country soul—you can bet it's **Ranch Revival Co.**

WHAT MY CUSTOMERS HAVE TO SAY...

HEY GAL!! Just wanted to say how much I flippin love my hats (you've created a monster 🤖). Love how easy you make it to get a custom hat made with my own designs and logo 🙌 you've turned me into a trucker hat fiend 🧑🏻

Heya got the hats today they are phenomenal even better than a pic! The colour combos are also spot on. Kids haven't taken theirs off which is amazing cause the little one normally hates hats, and the husband's stolen my teal 1 lol.

I recently had the pleasure of working with Briar at Ranch Revival Co to create custom trucker caps for the NZSI Barrel Racing and Pole Bending Championships. I couldn't be happier with the experience! Briar is incredibly prompt in her replies, making the whole process smooth and enjoyable. She offers a fantastic selection of options, ensuring that you can find the perfect cap to suit! I highly recommend her services to anyone looking for quality and creativity in their next custom cap 🤝
